

# Loy Krathong Day ... วันลอยกระทง

We had a lovely Loy Krathong Assembly which represented the dances from different regions of Thailand – North, Northeast, Centre and South. The children joined in happily and performed with confidence. They sang the Loy Krathong song and performed the dance at the end. It was a wonderful morning for all of us!

We invited the Thai author, Kru Cheewan Visasa, to read us his own Thai stories 'E-Leng-Kheng-Khoeng' and 'The Three Hens'. Then we visited the Thai book shop, browsed through books and bought some home to read with our families. Kru Cheewan showed us how to draw pictures from his book and signed some books for us.

Krathong making is important on this day. Everyone had a chance to make Krathongs using natural materials. We worked carefully on our Krathongs and decorated them with beautiful flowers. We were proud of our handmade Krathongs!
