Message from the Head of School

Dear Parents,

On Wednesday this week, we will be celebrating the New Year for Trees. This Jewish Festival, Tu B'Shevat, helps to remind us of the importance of the environment and the vital role of trees in our lives. As we celebrate this festival we will develop the children's awareness of other cultures and learn how we can look after our environment. We will welcome representatives from the Plant a Tree Today Foundation and together we will plant trees and create a nursery. For snack time the children will be involved in a Fruit Market and will have the opportunity to buy and sell fruits. Your child will need to bring fruits and some money to spend. Thank you.

We are very conscious of the large amount of paper that we use at school everyday and the negative impact this has on our environment. As we celebrate the Year of the Trees this week we want to make a special effort to reduce even more paper. Here are some of the things we have done so far:

- Paper cups are no longer used at school and children use their water bottles instead.
- The use of paper plates for children's birthday parties and special events has been significantly reduced.
- Newsletters, menus and other news is now sent via email, posted on our website and Edmodo.
- School surveys and polls are now available via email and Edmodo.
- Parents can go online to view, Home School Links, Curriculum maps, club descriptions, photos and school calendar. These documents are available on Edmodo in a special year group folder called, Parent Information.
- Paper is recycled whenever possible and classrooms will have a designated box for recycled papers.

This is a significant reduction in paper and we would like to thank you for your support and for helping us to improve our environment.

On Wednesday morning, we look forward to welcoming Iain Colledge, Headteacher St. Andrews 107 (Bangna). He will be available to talk with interested parents about their Year 7 programme.
